#### Report:

The students of II B. Com Professional Accounting went on a field visit to the Adyar-Eco Park (Tholkapiaar Poonga) on 7 February 2023 as a part of their EVS curriculum. The students were asked to report to the venue by 9:30 am. The visit started with an attendance check by the department faculty at 9:45 am followed by an orientation by the Eco-Park officials. The students were briefed about the rapid encroachment which destroyed the wetlands, its connectivity to the Adyar river and the restoration process in its entirety. A guide accompanied the students on the tour of the Eco-Park, explaining the history and significance of the wetlands, vegetation, flora and fauna at each stage of the visit. Students took notes and photographs during the visit, which ended after 2.5 hours at 12:30 pm. Group photographs were taken and a final attendance was called. The students were then asked to disperse home.

#### Program Objective:

To create an awareness about environmental issues and the conservation of natural resources.

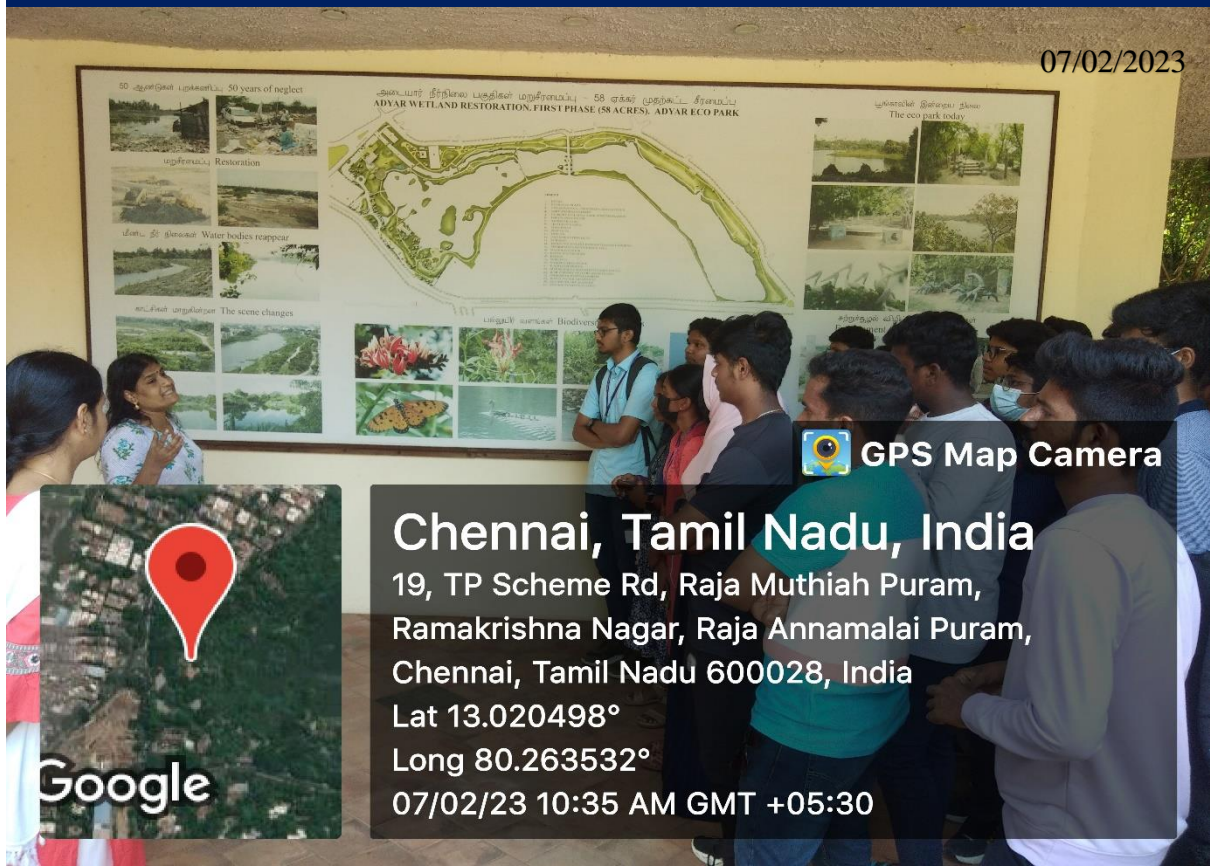

#### Program Outcomes:

Students learnt to conserve the natural resources and restoration of water bodies and understood the awareness of environmental conservation.
