- **Certificate:**

- **Outcome of event:** Most of the first and second year students experienced their first hackathon. More than 50 projects were submitted finally. Ideas for water conservation, education and health care were ideated and implemented during Hack From Home.

- **Feedback:** The participants attended the session with great zeal and are felicitated with e certificates. The *exuberant* views are depicted in feedbacks.

Very to good platform for us to make our first hackathon..,,Thanks for our seniors and tutors and our mentor for guide us to make a bright path. It was really good to show our talents in this esteemed institution..,keep rocking seniors..,Guide more ..,i am really happy in this core

It was really a new experience for me and it was my first hackathon and I have a gained many information from the workshops that was conducted.

A better experience for me as a fresher and i learn new things and through it. The thing is that we have to learn from process. You did good process. Thank you all😊.
