INSTITUTION'S INNOVATION COUNCIL
Ministry of Education, India

G- Meet Platform

एक भारत श्रेष्ठ भारत
Exclusively for School Students

08.03.2022@ 10.40 am

Report:

Essay writing promotes critical thinking whereby you reflect on an issue and reach a conclusion. It pushes students to assess different arguments so that they can come up with stronger positions. Through critical thinking, students learn how to observe different perspectives and views. An essay portrays the comprehension of materials. Knowledge of documents about different subjects such as history, language, or religion becomes palpable to students through essay writing. By writing essays, students get to review different arguments and examples before concluding. Such knowledge passes to other subjects making learning effective and improves writing skills.
