YUVA SANGAM (युवासंगम)

REPORT ON STUDENTS VISITS FROM ODISHA TO SIKKIM

ACKNOWLEDGEMENT

India has always been a quintessential repository of varied language, geographical landscape and home to myriad languages. Confluence of these existing heritage would have been possible by the initiative of the Government of India. Cherishing the idea of unity in diversity of our nation and to develop understanding and establish long term engagement between States, the govt. of India has initiated the YUVA SANGAM 2023 under the agies of Ek Bharat Shrestha Bharat. We are deeply indebted to our Prime Minister Shri Narendra Modi for emphasising on the confluence of states, which offered us a chance to spread the rich history, culture and beauty of Sikkim.

We would like to extend our deepest gratitude towards the Ministry of Education for providing a wonderful opportunity to strengthen the fabric of traditionally existing emotional bond through the multidimensional Learnings which includes Paryatan (Tourism), Parampara (Tradition), Pragati (Development), Prodyogiki (Technology), and Paraspar Sampark (People to People Connect).

This exchange not only introduced the people of the two regions to different customs, it also made boundaries between traditions fluid and dynamic with parts of one flowing into the other. This would not have been possible without the unwavering support and effort of State Government of Sikkim and Tourism Department of Sikkim. They helped in planning the tour for yuvasangam -Odisha team, obtaining the necessary administrative approval for organizing and shaping the event.

We would like to mention special acknowledgement to the Director NIT Sikkim, Prof. Mahesh Chandra Govil for his relentless guidance and insights for offering an immersive experience to the Odisha team. Dr. Pratyay Kuila, EBSB Coordinator remained an instrumental to roll out the program very smoothly. A heart full gratitude to all the committee members of EBSB/Yuva Sangam for extending continuous support and coordination.

Indeed, Yuva Sangam has foster the sense of harmony and brotherhood, despite having cultural, regional, or social differences. It developed empathy and connection between the state Odisha -Sikkim. It is imperative that the knowledge of this shared heritage is passed down to the younger generations and they are provided with a perspective about India's cultural and civilization ethos to make it a huge success and contribute immensely towards the Ek Bharat Shrestha Bharat.
